In the Tenfiessee Legislature several resolutions with reference to a new wtate have passed first reading. Two of them propose the establisment of the State of Frankland out of East Tennessee and the third one proposes have him from impeachment—and nothing but a special and further use the Tennessee River.

leal villianies, but there are but few of

them which surpass the one of Hol-

den Littlefield and Co.

THE General Amnesty Bill reported by Butler is no amonesty bill at all. It Corporation of Goodson have been excepts West Point and Annapolis graduates, members of either house of Congress and of the Confederate Con- at the request of the Council that the gress, heads of departments, foreign ininisters, Judges of ary of the U. S courts who engaged in rebellion, mem- January. ers of Secassion Conventions, the Governors of Seceded States during he rebellion and those who cruelly reated Federal prisoners, &c. Even in this worthless form May-

nard opposed the bill. THE Washington House, Lynchhirg, with all its appertenances is for

ing a magnificent Chomo Picture of Gen. Lee, in a splendid and heavy oval gilt frame. The Picture is worth \$15,00. It can be seen at Caldwell's Jewelry Store. It is probable that other prizes will be awarded.

New Advertisements.—See new and interesting changes in the advertisesale. See advertsement elsewhere. THE Norfolk Journal says: "The Then we spapose the abominable bird New Advectisements San to fike the Editor of the Journal, still in the air & hithout wings.

FORNEY advertises the Washington Chronicle for sale. This is indicative of something reciprocal in his majure, for the Chronicle has for twenly years Books, and rare fancy articles at King advertised Forney for sale.

Gov. McMullin is out in a card stating he will not contest Gen, Terry's seat, has been commisssioned Notary Pupnor oppose Judge Johnston for the lie, for Wishington County Va. Senate, He states that he not only hal to run against Terry, but had to advertisment of Mr. E. H. Seneker, varry the the State Conservative Com- He has many articles appropriate to mittee, the Conservative press. Col Hughes and the Republican party The whole of which prove that, like the man that was kicked down stairs, there is at least one point in the long Little Alice Thompson, whose sweet Short Proof Heights for Balloon road to defeat, where the Governor can winning face was once so familiar in Take a hint, towit, at the lower end of our town, died at Chattanooga on the

24th uit. On the 14th the N. C. House of dellegates, by a vote of 62 to 42 impeached Gov. Holden for high crimes and mis-'demeanor's, and informed the Senate. Chief Justice Parson will preside during the trial, during which Holden will cease to act as Governor.

BUTLER'S Amnesty bill, excepts among others, "those who have embezzeled, or secredted any of the money, property, or public stores of the United States." If he will only make for the offence a cause of disfranchisement. at will eatch two thirds of the Radical harty including Butler himself.

THE Jonesboro Fing is out in a very severe article on Chancellor Smith, whom Col. Grisham served with peculiar devotion in the late cancers. From the Fing we learn that he sought Col. Grisham's support by bulueing him to believe he would when obsered, bestow on him the approximation of Clerk and Master for as county. But when Mr. Smith be-came Chancellor he appointed B. F. Swingle, and the Editor of the Flag Swingle, and the Editor of the Full may he has the minute history of the Chancellor ready for the press, and Chancellor ready for the press, and with great carnestness by two competent observers—Dr. Peterman, the German geographer, and Mr. James Croil, a Scottish geologist. Dr Petermann claims to have been the first to show that the Gulf stream is a deep, and the phenomena of the gard stream is a deep. Now we think Col. Grisham's remedy comes in to late to be a remedy at all. We have often told him his Gods were no Gods at all. That he was simply serving Baal. He and Judge Butler, are the worst paid Radicals we ever knew, and if they had only served the reos and their God with half the devotion they have lain at the feet of Radicals Greenland, Bear Island, Jun Mayen, and the west coast of Spitzbergen to Novaia Zembla and the Polar Basin, passing the northmost capes of Siberia as the "Polynia" of Wrangall in the legislation upon this subject to the serial control of the correctness of the recommendations then made, and says that they had been in the Legislature promptly adopted them the Stafe debt would have been reduced over \$10,000,000 and the depreciated eredit would have advanced from 50 to 00 cents on the dollar. In regard to the settlements of the debt between working and the Polar Basin, passing the northmost capes of Siberia as the "Polynia" of Wrangall in the legislation upon this subject to the settlement of the parallel of the control of the contro

they have lain at the feet of Radieabism, they would have fared for better in the end. But having felled his tree in the marsh it must lie there.

The War and the Fastern Question.

Rismarck says strong efforts are being made for the restoration of Napoliton. The Russaian forces are rapidly advancing on the Turkish frontier Prussla is trying to gobble up Luxemborg, alledging a violation of neutrality. Gambetta withdraws his request for an armistice, and says they will fight it out. He claims that the prospect of the French are much improved. Pfalsbourg, the Stronghold of the Vosge after a siege of five months surrented and the fold for the restoration of victions are challenged by several with fight it out. He claims that the prospect of the French are much improved. Pfalsbourg, the Stronghold of the Vosge after a siege of five months surrented and the fold for the restoration of victions are challenged by several with fight it out. He claims that the prospect of the French are much improved. Pfalsbourg, the Stronghold of the Vosge after a siege of five months surrented and purpose does the Guiff Stream, and the surface has it would be a plant of the gold of the vost of the settlements of the debt between to honour and the west coast of Spitzbergen to Virginia and West Virginia he says the the work of the west coast of Spitzbergen to Virginia and West Virginia he subject is, that the bridge west as a cape in the Strate of West Virginia and the Polynia" of West almost solely on the fall yellow and the strate of the subject of the state of West Virginia he says the legislation upon this subject is, that the State of West Virginia and the state of West Virginia to the state of West Virginia to the state of Wes

Pfalsbourg, the Stronghold of the Vossian and the properties of the grant to the superson of the Gulf Stream carries as much heat from the tropics as is received by the giote within thirty-three ceived by the ceived by the ceived by the ceived by the giote within thirty-three ceived by the cei cat deeds, hints on selling patents, 150 diagrams of mechanical moves ments, and a large variety of useful infomation. It is a book really worth baving, and can be had free by all the heat received from the word of the sun at present, the poles when will send their names to Mosars, Munn & Co. as above.

On Priday last the eight prisoners confined in Lebanon. Tenn., jail, as saulted and overpowered the jailor and made their escape. Four of the merces were recaptured. Colbert, who killed Parrow recently, made good his escape.

LITERATURE FOR THE SOUTH. A non-partisan, non-sectional, and

non-sectarian Magazine. ECLECTIC MAGAZINE Not a Secret Quack Medicine-Formu-

OF Foreign Literature, Science & Art on health, dress, and housekeeping in all its branches its editorial matter is specially adapted to the circle it is intended to interest

TWENTY-SEVENTH YEAR-SEVENTY-SINTH VOLUME.

The Eelectic Magazine, which found fully half of its circulation and a good-ly share of its most cultured appreciation in the South before the war, still retains the features and characteris-

was desired in thousands of families, and its publishers have filled the demand. The Young lady who huys a single number of Harper's Bazar is made a subscriber for life.

New York Evening Post.

The Bazar is excellent. Like all the periodicals which the Harpers publish, it is almost ideally well edited, and the class of readers for whom it is intended—the mothers and daughters in average families—can not but.

2. It reprints the best F. CLAIMS UPON SOUTHERN READERS. 1. It is the only magazine published at the North which is thoroughly nonpartizan, non-sectional, and not

2. It reprints the best Essays, Re-views, Tales, Stories, and Scientific Articles from the leading English, French, and German perio French, and German periodicals, fur-nishing a compendium of foreign contemporary literature, such as no man who pretends to keep up with the in-tellectual progress of his time can dis-pense with.

2. These selections are made impar South, without a tinge of the partizan feeling which has kept the literatures of the North and the South so widely

apart.
4. Each number is embellished with a fine Steel engraving. This feature is peculiar to the ECLECTIC.

The publisher is determined, if poss ble, to re-establish the old cordial rela-tions with the large class of intelligen eaders of the South. To show that he magazine has not lost its special at tractions for these readers, he append a few late extracts as showing the TESTIMONY OF THE SOUTHERN PRESS.

"He who is not pleased as he look over the contents of the Eclectic " t him despair of ever being satisfied. -Charlestown Courier,
"The Eclectic, besides its eminent literary character, is a valuable portrait gallery."—Charlestown News,
"The Eelectic is one of the most solid and substantial Magazines of the day."—West Point (Ga.) Shield.

The best monthly we know of."-Hentwille (Ala.) Advocate,
"We consider the Eclectic equal to f not the best literary magazine published."—Mobile Republican.

"The Eelectic still remains without a successful rival."—Banner of Prace (Nashville, Tenn.) "The first of all American publicu-"The first of all American publications of its class,"—Mississippi Delta,
"The Eelectic is a faithful mirror of the progress of the age."—Missouri Stateman."

GOV. WALKER'S MESSAGE.

the most important subjects, he has much to say, and reiterates the views

expressed at his inauguration on the 8th of March last, at which time the

condition of the finances of the Com-monwealth was stated in full. He is strengthened in his belief of the cor-

cents.-Knoxville Whig.

BRISTOL, VIRGINIA & TENNESSEE FRIDAY, DECEMBER 23, 1870.

paradox must be true-that an ice- out a parallel in the history of this THE GRAT

bearing current may raise the temperature of a region. Labraior has really a warm friend in the key current which clings to its shores; for though the mean annual temperature of that country is but thirty-two degrees that country is but thirty-two degrees at its appropriate to Mr. Croll's bornian and the State, and that the tills would be reduced by no less than penitentiary be remoddled or sold and THE LEONARD SCOTT PUBLISHING CO. a new one built. That institution is QUARTERLY.

ased, yet the general results arrived at made to yield a revenue to the State. Review, Not the shormons influence of ocean made to yield a revenue to the State. Review. He concludes his Message in the folble him to pay off the Contractors.

of the good things of this life, and a heart which will give him those respect to the sun cannot be materially affected, and almost variant the performance of order, and also affected, and almost variant the performance of all the dutties per ally affected, and almost warrant the conclusion come to-by Mr. Croll—that without ocean currents the earth would not be habitable.

These discoveries appear to Mr. Croll to throw a new light on the mystery of geological climate. Were the currents from the coator northward to be turned off, the Northern hembsphere would speedily pass into a state of general glacintion. Such a deflection of the currents, it is believed, might take place by a change in the eccentricity of the earth's orbit. A high condition of their fathers, with an earnest purpose the professional contents of the commonwealth have again resumed their place in the Union of their fathers, with an earnest purpose the professional contents and the dutties appeared to good cidental profession with any State in the Union. Everywhere within the broad limits of the Commonwealth every citizen is safe, with life liberty, and the pursuit of happiness. Emerging from the terrible ordeal of a four year's baptism of blood, and stripped of everything save their incorruptible honor, the people of this Commonwealth have again resumed their place in the Union of their fathers, with an earnest purthe currents, it is believed, might take place by a change in the eccentricity of the earth's orbit. A high condition of eccentricity would tend to produce an accumulation of snow and ice in the hemisphere, whose winters occur citizens. More cannot be required of them and less they will not perform. foremost place.

> What Consolidation Decs for Richmond.

We clip the following from the Rich mond Whig, and we hope Richmone would greatly exceed those of the will be able to see facts occurring, warmer in strength, and would impet however blind she may have been to will be able to see facts occurring,

MOVEMENTS OF FREIGHT. -- Four of five cars of fat cattle, sheep and hogs, besides ten or twelve car loads of wheat besides ten or twelve car loads of wheat
flour, butter, etc., arrive in Richmond
daily from Southwestern Virginia in
the cars of the Atlantic, Mississippi
and Ohio rallroad company. A monthly statement of these recepts in detail
would make a very interesting exhibit.
This line is doing much for our city,
and seems to be fully appreciated by
the merchants.
On Monday, seventees cars hearily ger share of the equatorial waters to the warm currents of the Northern

with the Southwest is rather active a GRAPHING.—A few days ago in New York, some extraordinary experiments were made with Little's Improved Automatic Telegraph. Messages were transmitted to and from Washington as a test. These messages contained a thousand words each, and delivered within the minute. By Little's new invention, 2,000 words per minute can be transmitted over a No. 5 wire, between New York and Washington, and 1,060 words per minute on a No. 8 other route, and the freights are for-warded with more dispatch. Goods are shipped through to New Orleans and all intermediate points without

break of bulk. Action of Tennessee.

By Hanny Statuens, F. R. S., Edingburgh, and the late J. P. Norton, Profession of Scientific Agriculture in Yale College, New-Haven.
Two vols. Royal octavo. 1800 pages and numerous engravings. Price, \$7; by mail, posteroid \$8. On the 13th the following important action was had in the Tennessee Senate on the important question of our post-paid, #8.

A message was received from the ia, inclosing a copy of a joint resolu-tion in relation to the appointment commissioners to ascertain and defin the boundary lines between Virginia Maryland, North Carolina and Ten nessee. The resolution referred to penetrate the silk; at 1,200 and 1,000 the Governor was passeri by the Vi-metres it was repeatedly pieced, but ginia Legislature and was approved by metres as the maximum elevation to of a competent corps of surveyors

Commonwealth has a Legislature assembled upon which devolved greater responsibilites than upon this. On finances, which he considers one of viding for Mr. Nelson offered a resolution pro viding for the appointment of a special committee of one on the part of the Senate, and on the part of the House, to take into consideration the subject matter of the communications, and report by bill or otherwise.

The rules were suspended and the resolution was adodted, and Mr. Nelson was appointed on the part of the Senate. The whole subjet matter was

On Monday, seventeen cars heavily loaded with merchandise, agricultural implements, etc., left Richmond for the Southwest to go over the A. M. & O. R. R., Yesterday, twelve cars heavi-ly loaded left for the same route. These facts indicate that the trade of the city this time. All goods going hence in that direction are now sent by this line. The rates are lower than by any

THE BOUNDARY LINE.

boundary line: Thavellers.—In order to calculate TENNESSEE AND VIRGINIA LINE. the height at which a balloon would a series of experiments has been made at Tours; something of the kind had at Tours; something of the kind had already been tried in Paris, but the results were incomplete. For this purpose a small captive ballon, two metres in diameter, was sent up in a neighboring meadow; at 2,500 metres elevation the best shots were unable to

metres it was repeatedly pierced, but the gas escaped so slowly that, with a favorable wind, it might reach several miles before falling; the to the proper officer of the United commission thereupon reported 2,500 States Government for the assignmen the duty of ascertaining and locating the true boundary lines between the State of Virginia and the States of Maryland, North Carolina and Ten-nessee. It also instructs the Governor to appoint two Commissioners on behalf of the State whose duty it shall This able and elaborate document be to meet, confer and act with such
